**Memorandum 14-05**

To: Deans of Member Law Schools  
From: Judith Areen, Executive Director  
Subject: Announcement of Sanction

---

Although communications related to the Association's consideration of an individual school's membership are usually treated confidentially, AALS Bylaw 7.1(c) provides that when a sanction is imposed on a member school, that action should be published in the relevant Association publications. The attached letter explains such an action. The letter will also be posted on the AALS website, and a notice of it will appear in the next AALS newsletter.
